

WHY PPC?

Founded by physicians, our membership plans were designed to provide quality health care for everyone at affordable rates. We built strong Direct Primary Care relationships with providers to ensure that subscribers have access to a hassle free network.

It is not insurance, it is ASSURANCE. What is *assurance*? Assurance is receiving Labs, Diagnostic Imaging, Primary Care, and unlimited 24/7 nationwide Telemedicine as guaranteed benefits.

WHO BENEFITS?

PPC membership plans are generally best used by:

- Healthy individuals to cover labs, imaging and primary care.
- Individuals interested in maintaining their health through preventive healthcare.
- Those who use it as a supplemental plan to a major medical.

With or without insurance, Lab costs range from \$100 to \$1,000; and Diagnostic Imaging costs range from \$400-\$5,700.

With all PPC plans, members receive Labs with ZERO out-of-pocket. Preferred Plus members have the added benefit of Diagnostic Imaging.

Guaranteed Issue

No waiting for open enrollment!

With PPC membership plans, receive Labs, Imaging, Primary Care, and nationwide 24/7 Telemedicine.

MEMBERSHIP ADD ONS

Unexpected legal questions arise every day, and with LegalShield on your side, you'll have access to a quality law firm for covered personal situations, and 24/7 for emergency situations. Plus, you receive the additional protection of Identity Theft Shield, which includes Credit Report; Personal Credit Score with Analysis; Continuous Monitoring with Activity Alerts; and Identity Restoration Services.

Get LegalShield with Identity Theft Shield for \$30 per member or \$36 per family, per month.

* Currently available in Texas only.

HealthEquity

Health Equity offers you a health debit card to load pre-taxed funds onto and can be used to pay for eligible purchases, such as medical, dental, vision appointments, and pharmacy expenses. With the mobile app you may view your account balance, view receipts and submit a request for reimbursement.

PPC membership plans are direct contracts with providers for Primary Care, Labs and Diagnostic Imaging services. These plans are NOT insurance and do not pay claims.

Direct Provider Agreements

Through our direct provider agreements we can provide quality health care at low costs. This includes Primary Care, Labs, and Diagnostic Imaging. No additional charges or surprise bills.

Access to 24/7 Health Care

Direct care is available 24/7 through our telemedicine providers. Get access to a provider within the hour from the comfort of your home for things like Urinary Tract infections, cold, flu, and much more.

Upfront pricing with no hidden charges at our contracted PCPs, Labs, and Diagnostic Imaging centers.

Prescription RX Discounts

All members receive the benefit of Drexli, which provides you with pass-thru pricing to encourage pharmacies to compete for your business.

Care Team of Patient Advocates

Our PPC Care Team of experts assist with care coordination and advocate for members to ensure they receive the medical care they need. They also protect them from high costs.
